24th
INTERNATIONAL TAXATION CONFERENCE

December 5th-7th, 2019

ITC Maratha, Sahar, Mumbai.

Joint conference between

In co-operation with
The Foundation for International Taxation is a registered charitable trust in India established to promote the knowledge and understanding of international taxation. It was set up in January 2006 by Professor Roy Rohatgi along with a group of leading tax professionals in the country. As from 2006, the well-known annual International Taxation Conference in Mumbai started in 1995, is run by the Foundation.

Besides this conference, the Foundation for International Taxation plans to promote the knowledge and study of international and comparative tax laws through research, training, publications and allied activities dealing with international tax issues.
The International Bureau of Fiscal Documentation, IBFD is the sister organization of International Fiscal Association. It was set up as its publications, research and training arm in 1938.

It is headquartered in Amsterdam, The Netherlands. As a charity, it is the largest institution of its kind in its field. It is a unique center of expertise, offering high-quality information and education on international taxation. It is the world’s foremost authority on cross-border taxation. Tax practitioners from all over the world rely on its high-quality, independent tax research.
About the CONFERECE

The first International Taxation Conference was held in Mumbai in December 1995. Over the years, it has established itself as one of the leading annual conferences on the subject internationally. Today, the conference is recognized for its world class quality and an opportunity for professional networking and marketing. It is now a truly global annual event on the subject of international taxation.

3 days | 21 sponsors | 500+ delegates | 30+ nations
A glimpse into THE CONFERENCE OF 2018
We have published a commemorative issue of our 2018 Conference Proceedings which includes a brief write up of the various points arising in panel discussions covered at the Conference and the significant conclusions reached. This issue is a Momento of our Conference.

Click on the button below to download the issue.

DOWNLOAD ISSUE (.pdf)
Our 24th Annual Conference in 2019 continues from our 2018 conference with refinement of BEPS recommendations, follow-up on its global implementation and resolution of MLI - Action 15. Our keynote topic remains Multilateral instrument under BEPS in action and its future plans.

As in previous years, we now have the confirmation from Pascal Saint Amans, Director - OECD, Paris - to be our keynote speaker at our 2019 conference. He and his colleagues will brief us on the latest developments on their ongoing BEPS Project. By 2019 end, he expects it would have advanced its work on BEPS Issues and its Implementation beyond taxing digital activities to other issues under BEPS. However, as of now, Digital Economy or Business and its taxation still remains under BEPS Action One a controversial global issue. The final recommendation under BEPS Project is deferred to mid - 2020. Many of our global expert speakers from last year will give their views on recent changes implemented in US tax systems as well as other international tax jurisdictions.
Why should you ASSOCIATE WITH THIS CONFERENCE?

It will provide a forum to educate yourself, network and share global taxation knowledge and experiences with professionals in international taxation.
The delegates at our annual conference comprise of leading professionals, corporate finance executives, and senior Indian and foreign tax officials. They include both a group of individuals as well as persons of influence within the profession, business community and tax administration.
The sponsors at our annual conference comprise of leading tax firms and consultancies, from India and from across the globe. This conference gives you the opportunity to position your business among the best.
